Abstract—Replace this paragraph with a concise abstract. SIPAIM 2026 full papers must be written in English, submitted as PDF, and fit within four double-column pages using the IEEE Manuscript Template for Conference Proceedings.

Index Terms—keyword one, keyword two, keyword three

I. INTRODUCTION

State the problem, motivation, and contribution. SIPAIM 2026 uses a single-blind review process, so author names and affiliations should remain in the manuscript.

II. METHODS

Describe the data, model, algorithm, experimental protocol, and implementation details needed to reproduce the work.

III. EXPERIMENTS AND RESULTS

Report quantitative metrics, qualitative results, statistical tests where appropriate, and ablations. Place figures and tables close to the relevant text.

IV. DISCUSSION

Interpret the results, describe limitations, and explain how the findings fit within prior work.

V. CONCLUSION

Summarize the main findings and their relevance to medical information processing and analysis.
